

EMIR Easy

Helping to run your business

So you don't think you need EMIR Easy to help you run your business?

These are the most common reasons why people think they don't want or need EMIR Easy to help them run their businesses – is your reason here?

We are too small for a computer system!

This is the most common reason we are given for not wanting to buy EMIR and why we have developed EMIR Easy. EMIR Easy is especially written for the smaller business. It is a budget version of our best selling EMIR software that is used throughout the industry. It contains only the key functionality you need to help you run your business more efficiently, more profitably and above all, will make your life Easier!

We can't afford it!

EMIR Easy is just **£395** for a single user and **£595** for a two-user system.

We don't have a computer!

No problem, we have bundled EMIR Easy with a brand new PC and Printer for just **£795**. Simply take it out of the box and it is already set-up and ready for you to use!

It won't suit my business!

EMIR Easy has been built and developed around the Electric Motor and Pump Repair and Service industry over the last 18 years. It is aimed solely at this market and it is specific to your needs. Still not convinced? Then why not watch a demonstration on our website at www.solutionsinit.com/products/emir-easy or if you don't have access to the Internet, call us on: **0845 009 4588** and we'll send you a demo on CD!

I already use Sage Accounts!

That's not a problem. EMIR Easy will interface to Sage Line 50 directly, so you can raise your jobs in EMIR Easy, cost your jobs in EMIR Easy, produce your Delivery Notes and Invoices in EMIR Easy, and then with one click of a mouse, transfer the Invoices across into Sage without the need to retype any information.

We've never needed a computer before – We use a paper system!

We know how effective a paper-based system can be, and as EMIR Easy is built on such best practice, you will find that EMIR Easy produces all the paper you need to ensure your existing procedures will not be

compromised. But a big advantage of EMIR Easy is that it is far more efficient at producing these key documents than any hand-written system can be, because it re-uses the information you have entered, you don't have to re-write or type any piece of information—EMIR Easy will reproduce the information for you whenever you need it!

It won't save me money!

EMIR Easy has many, many time saving features and will save you lots of time over paper-based systems and we all know that time is money! No more writing out the customer's address on Job Cards, Delivery Notes, Invoices and Statements – simply enter the address once and the computer will produce the information for you whenever you need it. Searching for jobs is easy too, just enter the details that you know [Job No., Customer, Order, Serial, Invoice, or motor technical details] and EMIR Easy will find it for you within seconds!

It won't make me more profitable!

Because EMIR Easy will save you time, it will certainly save you money and make you more profitable. It will also help to ensure that your job costing is accurate and up to date eliminating under-pricing and ensuring you recover your costs and margin for the work that you do!

It won't make my life easier!

All this control of your order processing, job costing, debt chasing, customer enquiries and overall business management will make your life easier. After all, this is why it is called EMIR Easy! Check with some of our other customers if you don't believe us!

Computers and software are all too much for my small business!

Nothing could be further from the truth! EMIR Easy talks in the language of the Electric Motor Repairer. You will understand its workings because it is written for your business. Why not watch a demonstration on our website at www.solutionsinit.com/products/emir-easy.
